

Dean Bank Primary School

Long Term Plan for Mathematics: Year 3

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Unit 1	Number - Place value	Number – Place value	Number - Place value	Number - Addition and subtraction	Number – Multiplication and division	Geometry - Properties of shape
Unit 2	Number - Place value	Number - Fractions	Number – Multiplication and division	Number - Addition and subtraction	Number – Multiplication and division	Measurement - Length and perimeter
Unit 3	Number - Addition and subtraction	Measurement - money	Number - Fractions	Measurement - Time	Number - Fractions	Measurement – Mass and capacity
Unit 4	Number - Addition and subtraction	Number – Multiplication and division	Measurement - Length and perimeter	Measurement - Time	Number - Fractions	Number – Multiplication and division
Unit 5	Measurement - Time	Number – Multiplication and division	Geometry - Properties of 2D shape	Geometry - Position and Direction	Statistics	Number - Addition and subtraction
Unit 6	Geometry - Properties of 3D shape	Measurement – Mass and capacity			Statistics	Problem solving and reasoning

Assess and review weeks at the end of each half term.
