

Thursday 12th March

I can investigate ~~to~~ what kind of taster is ^{most} common in our class.

Making it a fair test.

You need to make it ~~af~~ have the same amount of food dye. You need the same size of hole in paper.

Type of taster	Tally	Total
Non taster 0-5		6
taster 6-10		7
Super taster 11+		6

Conclusion
 The most popular taster is the regular taster. The least most popular tasters ^{are} the non-taster and Super taster.
